Dear Ms. Boyd:

As you are now aware, there are many homeowners in the Cliff Ridge Community who did not sign the document that applied for exemption from Regulation 103-702.7. There would have been more people declining to sign had not the request for signatures letter been so worded as to frighten many homeowners. Many of us feel this decision was a rush to judgment and the homeowners and lot owners were not fully aware of the actual situation but rather what they were being told by the board. Also, I am amazed that they decided that lot owners didn't need to have a vote.

In addition, when the legal representative sent the documents to you, he implied that all homeowners had signed. That is not correct and quite frankly, not honest. Therefore, I am asking that you reconsider our petition until the facts and information regarding your part in the process can be investigated fully and fairly.

Thank you,

Janet L. Ross
